FOR IMMEDIATE RELEASE

Paragon's Search has Ended

Paragon welcomes a new Vice President of Sales and Marketing

Corona, CA: Paragon Airheater Technologies' executives wrap up the search to find a Vice President of Sales and Marketing. After months of interviewing numerous candidates, Brian D. Robertson was chosen to fill the position. Mr. Robertson is a distinguished leader with over 25 years of management experience in the U.S. and international market serving the petrochemical, power, cement and mining industries. Mr. Robertson's success at Western Refractory Construction, Nalco Chemical Company, Nalco/Exxon, and NL Industries has earned him numerous recognition awards for his sales and leadership skills.

Paragon Airheater Technologies specializes in the manufacturing of high-performance seals and related replacement parts for rotary, regenerative airheaters, Paragon is establishing a broad presence in the energy market. Their high-quality seals are specially designed to provide maximum efficiency while withstanding the harsh operating conditions normally encountered in the airheater. Paragon's exclusive and patented design for both radial/axial and circumferential/bypass seals, surpass original equipment manufacturer standards, providing maximum performance and improving airheater efficiency.

For more information please contact Nicole Turner, Director of Marketing, Paragon Airheater Technologies, 23143 Temescal Canyon Road, Suite B, Corona, CA 92883; Phone 888-488-3100; Fax 951-277-8031; email: nturner@paragonairheater.com; www.paragonairheater.com.
